

# IRMG Brief

## IRMG Focuses on Litigation Management

Only One Suit Filed Since 2007

IRMG focuses on Cost Containment in the administration of claims. Litigation Management is at the top of our list in keeping the cost of claims to a minimum. IRMG deals directly with Insureds, without counsel or third party involvement, giving Insureds a better understanding of their policies and the claims process. Decades of experience have proven that the more informed a claimant, the less likely he or she is to enter litigation.

Our goal is to keep insureds happy by providing them with the information necessary to carry them through the claims process, and to protect underwriters' interests by keeping the cost of claims administration to a minimum. Our customer service efforts are tried and true. Since the inception of our Litigation Management process, there has been a significant drop in the number of claims entering litigation. Since 2007 there has been only one suit filed.

## Insurance News

### [Lightening-Related Claims Soar in US](#)

Record tornado activity in 2011 leads to soaring lightening-related claims in the United States.

### [Pirated E-Books Pose Threat To Publishing](#)

There is widespread concern that the scale of e-book piracy is growing in line with the increasing popularity of tablets such

as the iPad and e-readers like the Kindle.

### [Yogis At Risk](#)

Following yoga's rise in popularity, yoga instructors see a rise in risk. There have been claims of \$3.25 million or more in instances where patients with a previous condition have been paralyzed after wellness treatments.

### [Tourists Get Insurance Against Bedbugs](#)

Bedbug infestations are on the rise, and the insurance industry has met the growing risk with new products.

### [Thirty Years Of AIDS](#)

Thirty years ago was the first recorded outbreak of what would eventually come to be known as AIDS. For the last ten years, the insurance industry has perfected life insurance policies designed for people with HIV. Today, coverage is widely available and affordable.

International Risk Management Group is made up of the foremost experts in handling the claims connected to the risks discussed in this brief, as well as those ranging from disability, medical and general liability to key person, casualty, and professional risks.
