IRMG Group Celebrates 10 Year Anniversary and Launches CD

International Risk Management Group, a leading provider of Claims Administration solutions, announces its 10 year anniversary and the rollout of its CD-ROM information vehicle. Headed by partners Robert B. Carney and Stephanie C. Carney, the group provides professional services from claims administration and risk management, to systems design and auditing services. IRMG Clients include R.J. Kiln Group, Petersen International Underwriters, and St. Paul Travelers Syndicate Management (formerly St. Paul at Lloyd's/Cassidy Davis).

"In the past 10 years we have steadily grown and successfully earned an enviable reputation" says Carney. "We focus on innovation, flexibility, integrity and knowledge. We use a consulting approach, with an emphasis on customized service. The CD we provide highlights some of our capabilities and offers e-business technology for information"

IRMG has a team of seasoned staff members. "At International Risk Management Group we have the expertise, knowledge and competency to thoroughly investigate, expertly manage, and appropriately adjudicate all claims. Our first hand experience in the industry ensures that your interests are protected." says Carney.

For additional information and a copy of our CD contact: info@IRMGGroup.com or call 888-622-IRMG

About International Risk Management Group

Carney & Carney dba International Risk Management Group was formed by Robert B. Carney and Stephanie C. Carney, to provide the highest quality of claim administrative services to their existing and future clients. International Risk Management Group's dedication to the aggressive, cost-efficient and service-oriented practice of claims administration, risk management, systems design and auditing services has resulted in the progressive growth of International Risk Management Group's client base over the years.

Mission Statement

To provide innovative solutions to meet each of our clients needs through experience, knowledge and dedication. To actively develop and continue to strengthen our long term global professional relationships.
